

# AS9100 D – Off-site Support

Services	Deliverables
• AS9100 D Off-site Support	▪ Up to 16 hours of Phone and Email Support.

## AS9100 D Off-site Support

AKA will provide additional support via email, text and phone throughout the establishment and implementation program for implementation of the AS9100 D Aerospace Quality Management System. Support includes assistance with forms and related documentation, interpretation questions about the Standard as well as potential on-site training visits.

Our goal is to be available anytime you feel additional support would help move the implementation along toward the final goal of achieving certification to the AS910 D Aerospace Standard. Our experts are here for you!

### **Benefits;**

- Assistance in interpreting the requirements of the Standard;
- Assistance in reviewing and editing documents;
- Real-time answers to questions from your implementation team;
- Taking part in team implementation meetings, either on site or via conference call;
- Addressing any and all areas of concern.

*True implementation support is answering the questions as they come up ... in the middle of the day when your specialist is off-site as well*
